The
PaymentWorks

*Software development & analytics tools for
online merchants.*

Fintech Ireland & Fintech Hamburg

The Problem for Online Payments

Merchant sites leak customer money...

X Good transactions fail too often!

X Merchants must struggle for insight

X Software teams hate working on it!

Up to 15% failure rates

Poor checkout?
20% checkout abandonment

OUR VISION

An Online Payments landscape where...

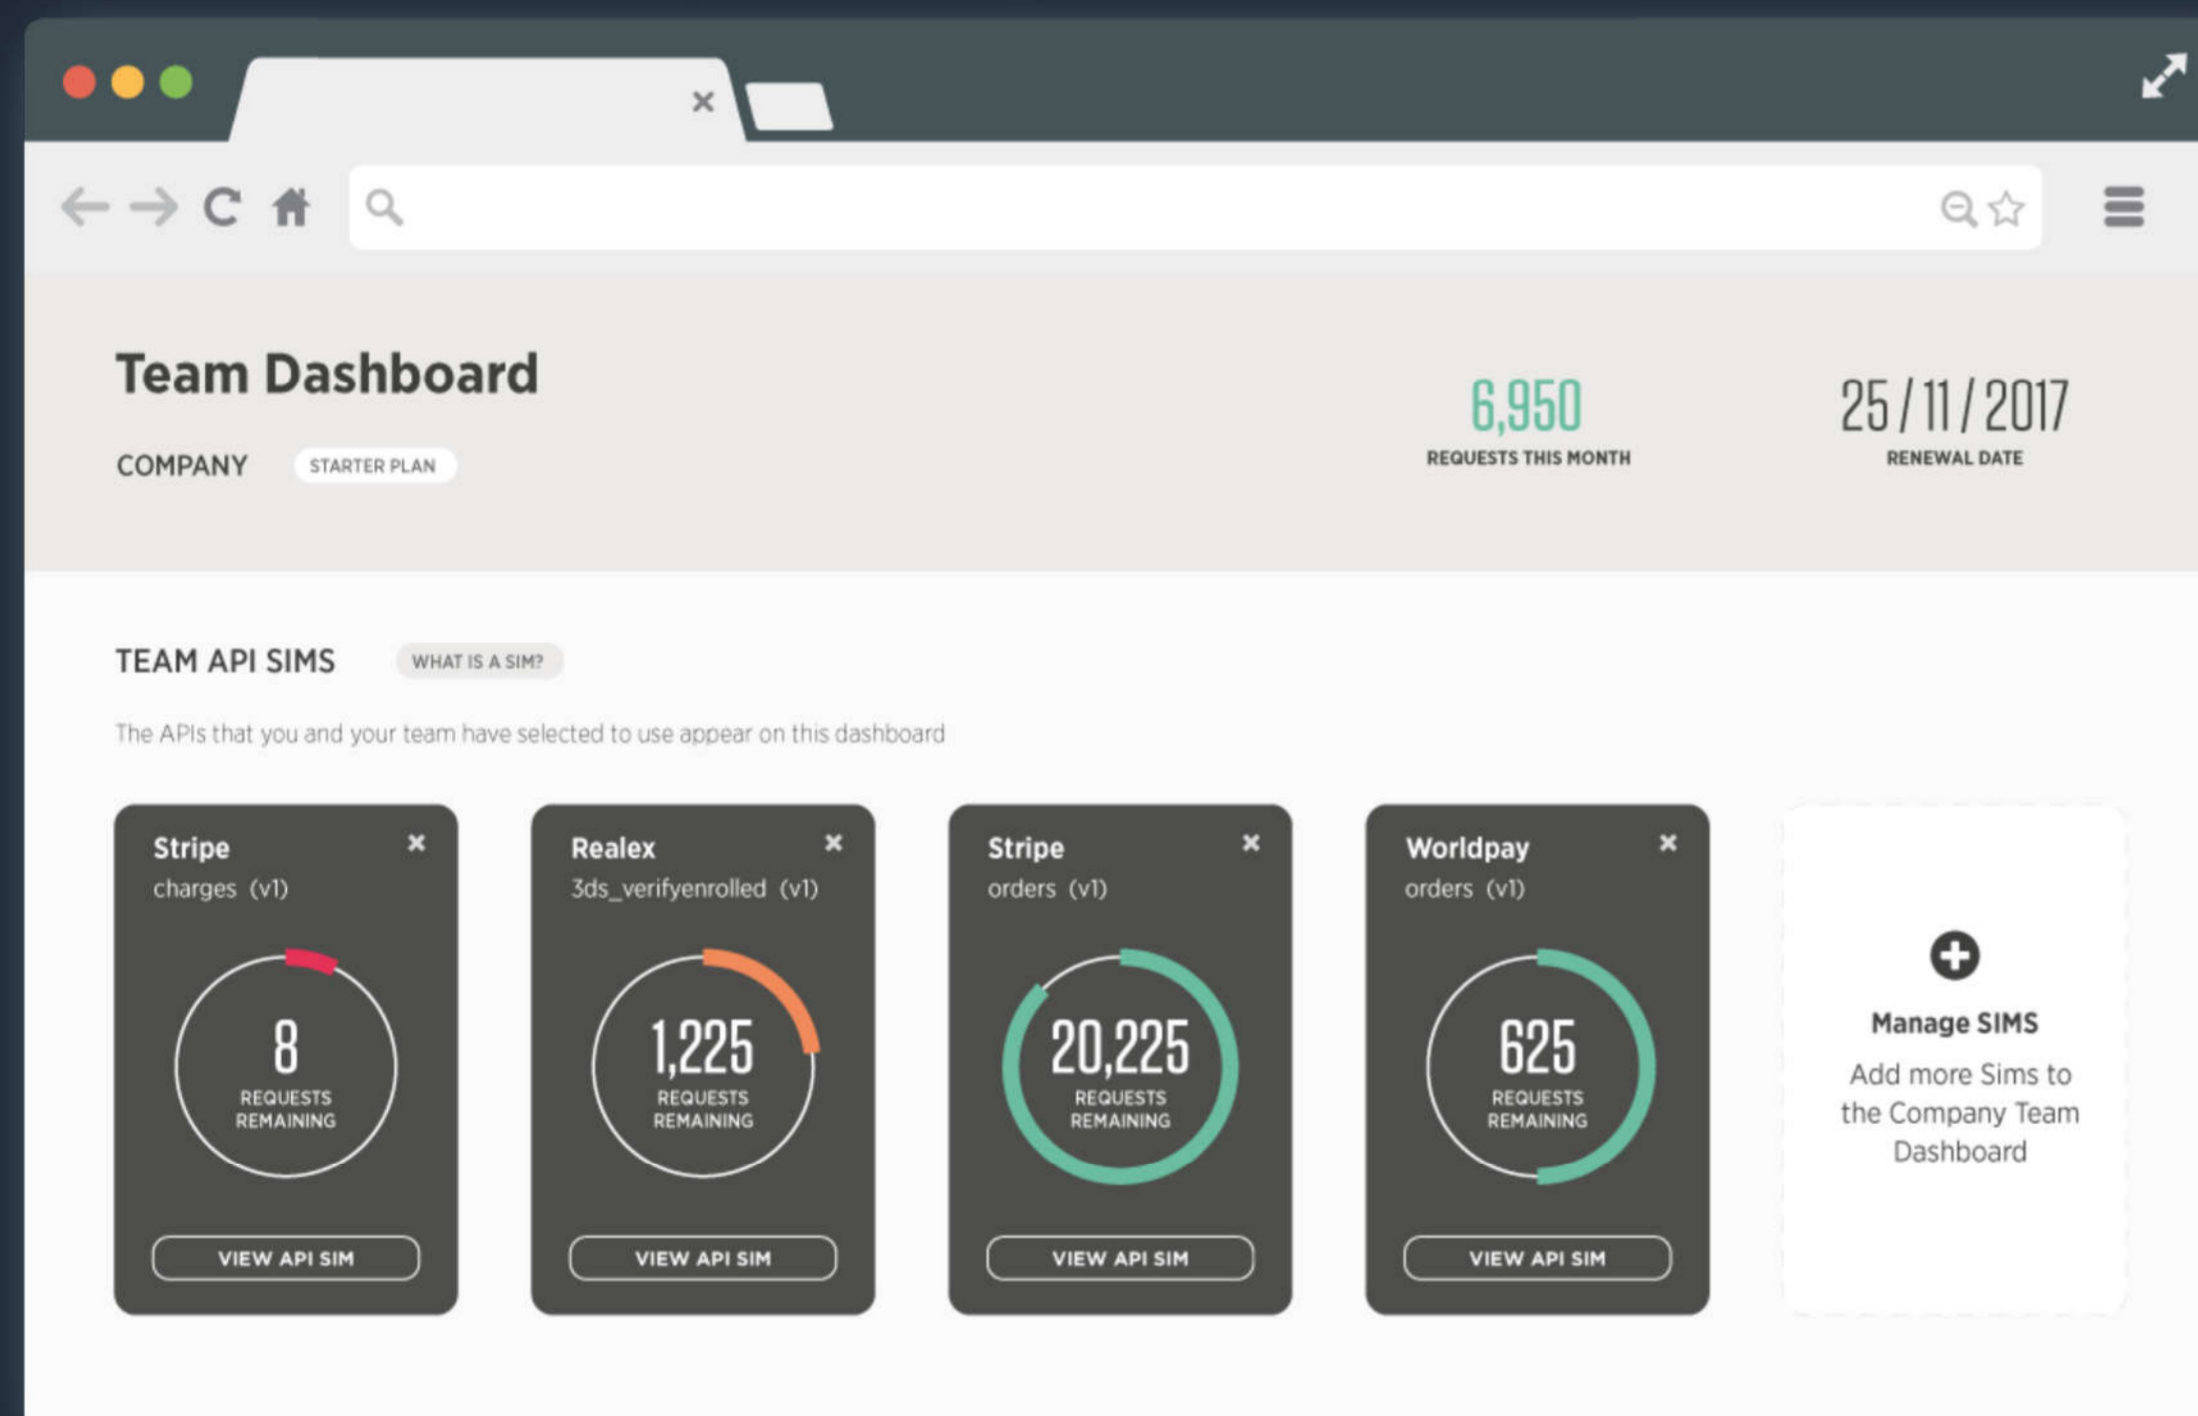

Online Merchant sites never lose a good transaction and...

good Online Customers are never turned away at checkout.

STEP 1: MAKE PAYMENTS FIT & HEALTHY

TestingPays.com

Payments development &
analytics platform

It is...

A SaaS platform for Online Merchants

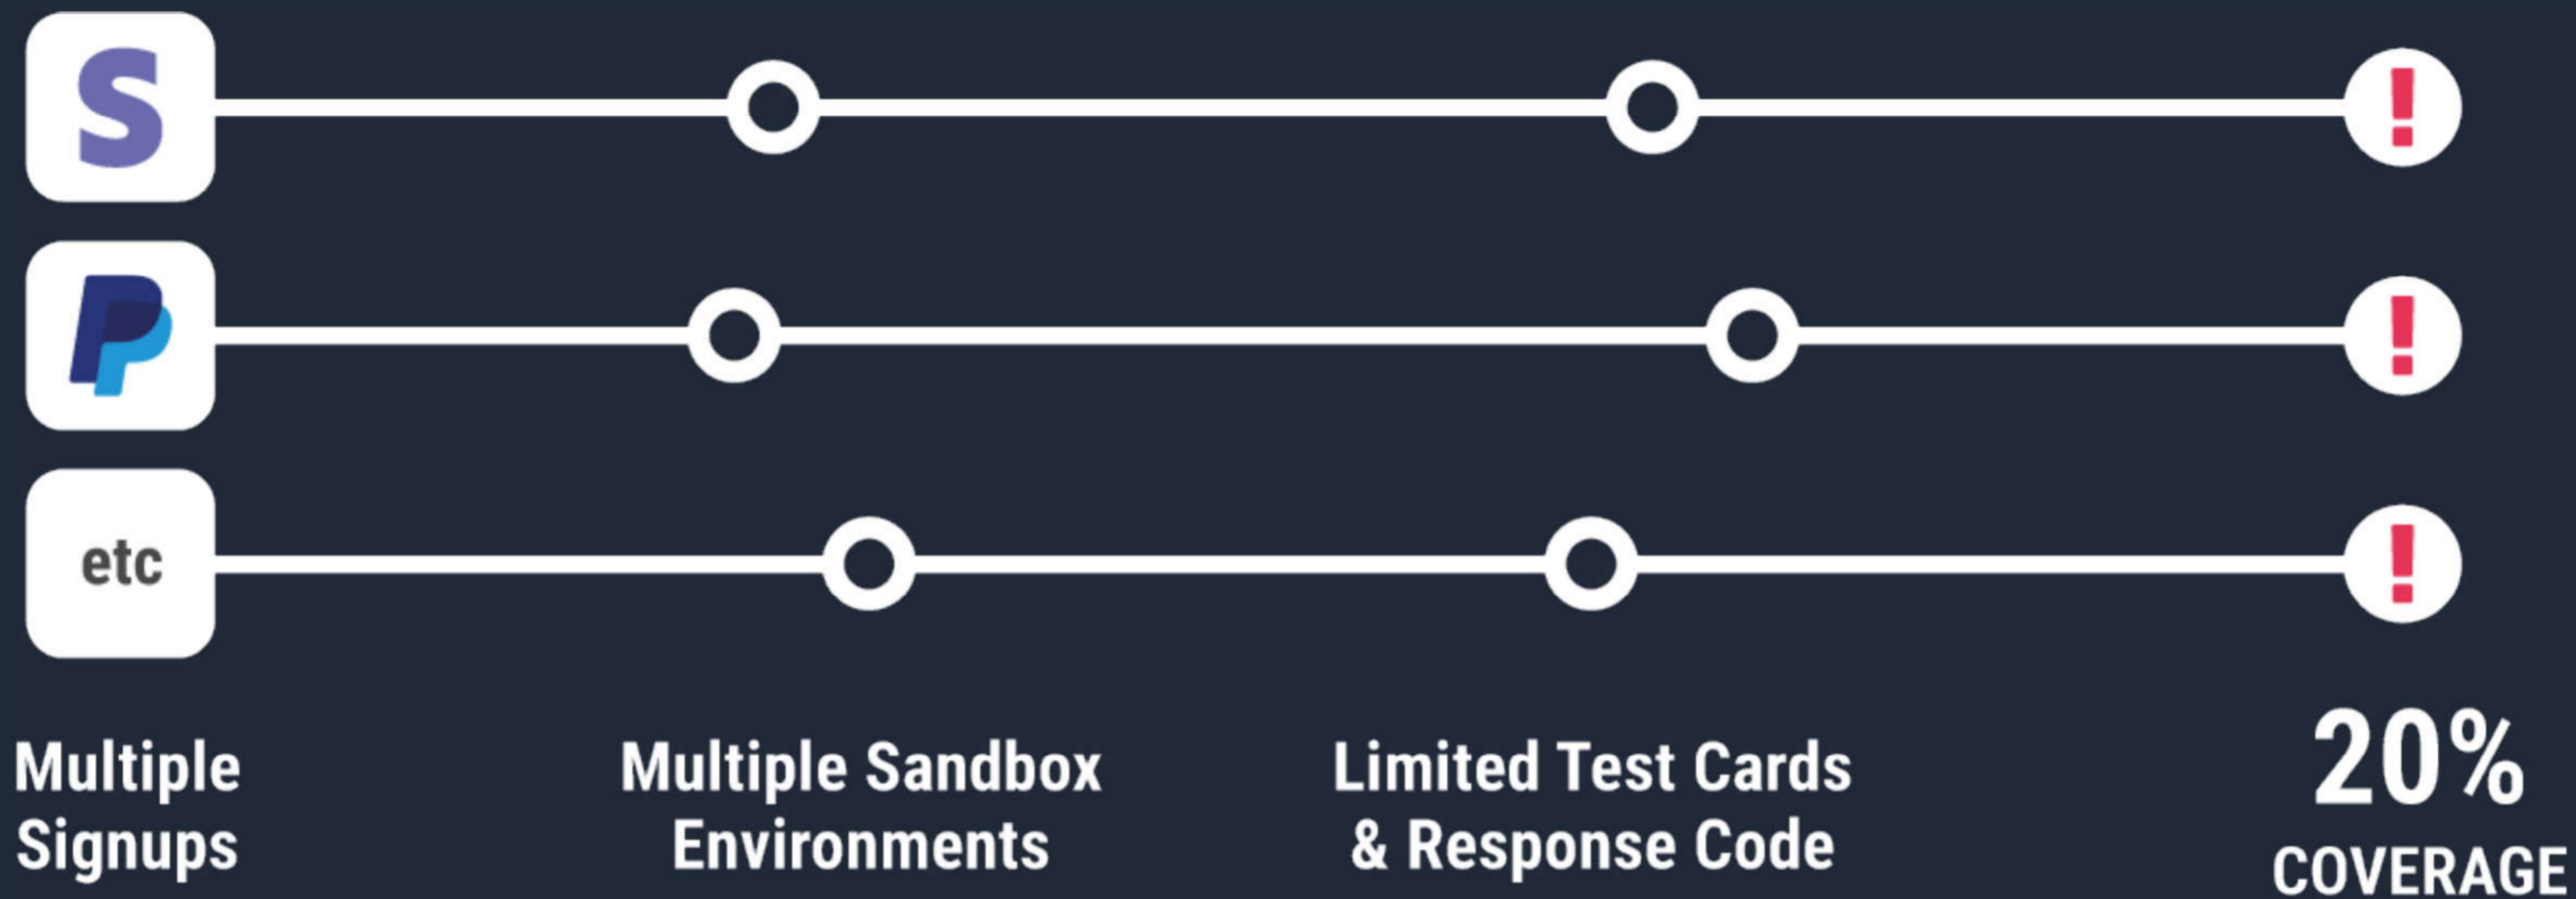

A software development toolkit – make top-quality payment features, faster

Simulator to recreate 100% of scenarios for all major payment providers & APIs

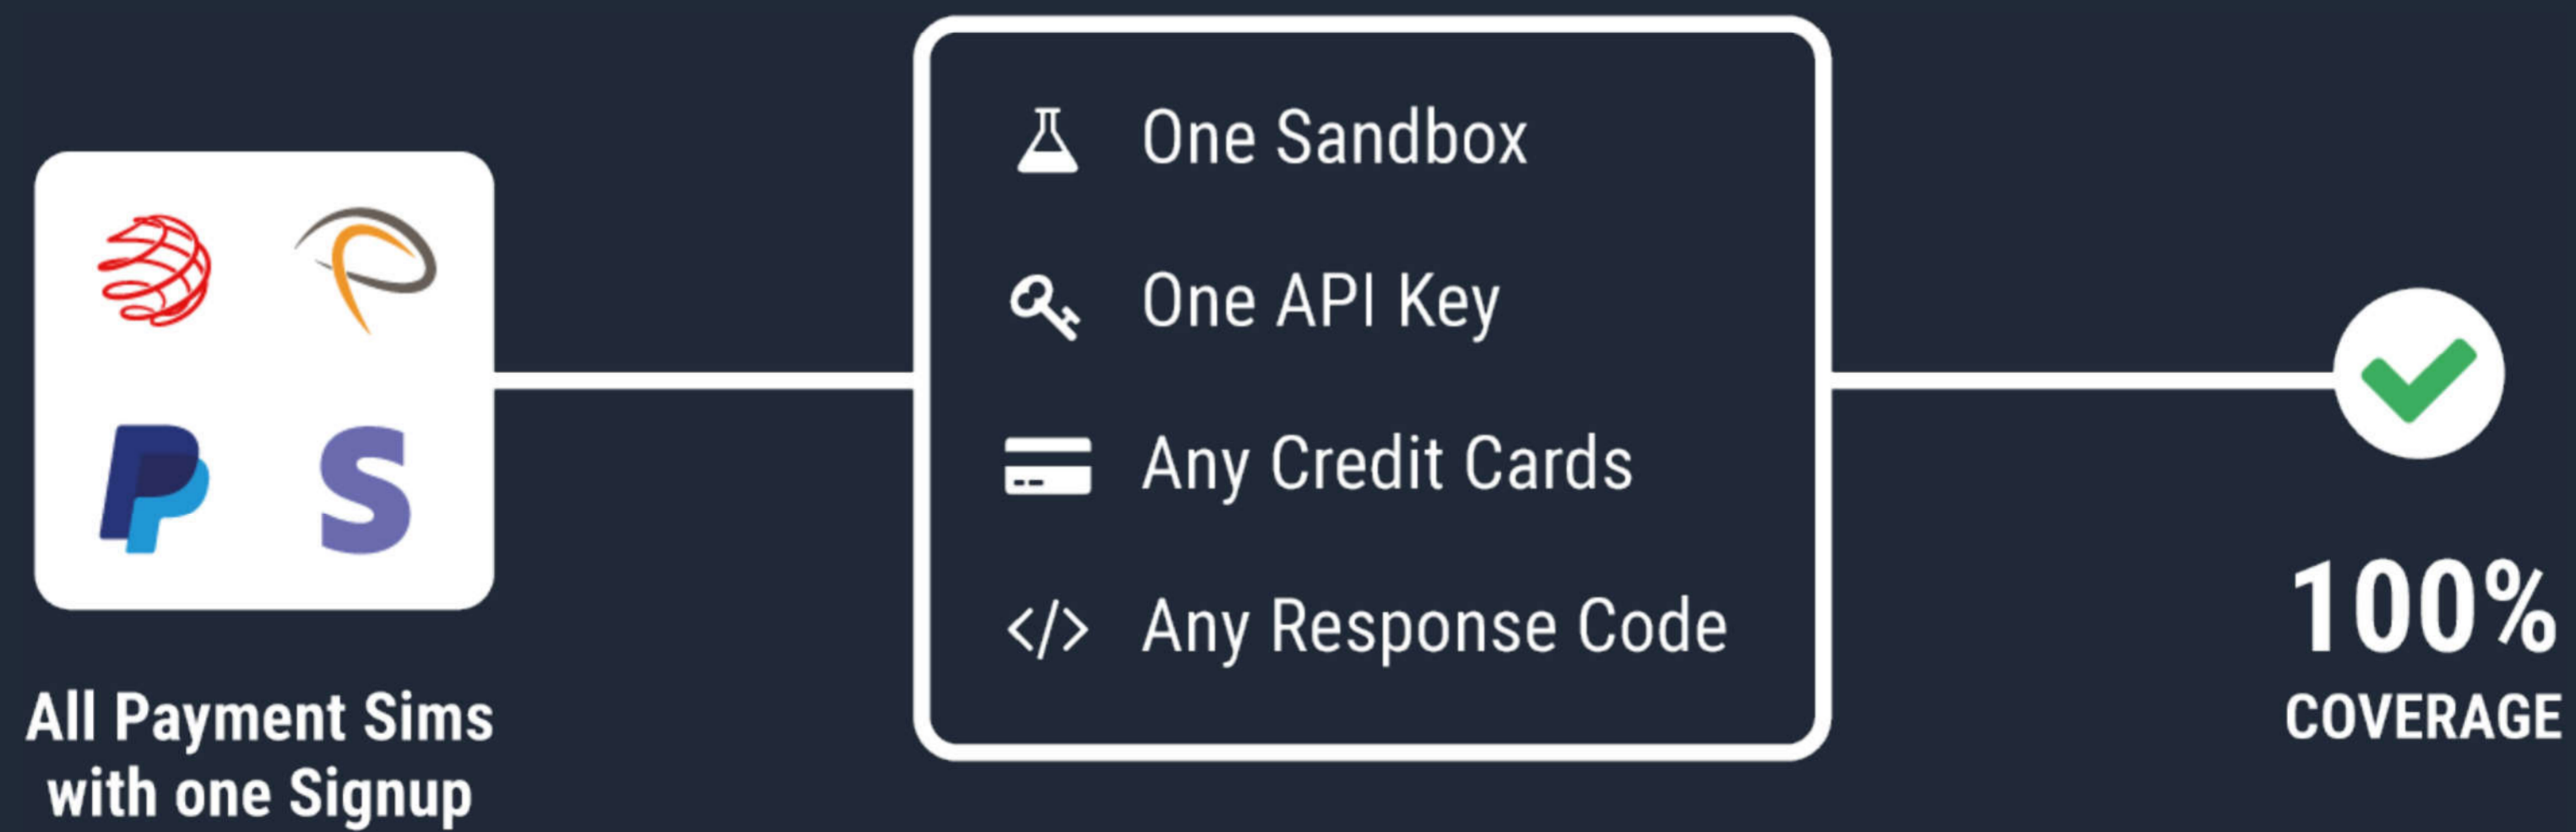

A knowledge repository for payments with sample code and integration hints

TESTING PAYS – BETTER PAYMENTS QUALITY
